Chrysanthemums

MRS. HELEN K. JOHNSON

WONDERLAND NURSERIES

Ellerson, Virginia

Located 4 Miles North-East of Richmond

To Our Patrons

If you are in the flower business or in an allied trade you may order at wholesale prices. No order will be accepted at wholesale or retail for less than a total of \$5.00. No order will be accepted at wholesale prices for less than 25 of a kind.

Prices are F.O.B. Ellerson, Virginia, net, payment with order. Be sure to give desired shipping date, and book your order as far in advance as possible. Give at least two alternate selections for each ten varieties ordered, or give us permission to substitute.

Rooted cuttings are usually available from January through August, depending on the varieties wanted.

We can be reached by phone anytime day or night seven days a week by calling the operator in RICHMOND, VIRGINIA. Our present phone number is Mechanicsville 5072 but if you ask the operator for WONDERLAND NURSERIES at ELLERSON you are sure to get us. Usually the person answering the phone can talk mums with you.

Orders are accepted subject to conditions beyond our control. If your order cannot be filled to your satisfaction your money will be refunded, ending our responsibility.

We owe all our success to you. Thank you very much.

Sincerely,

Wonderland Nurseries

WONDER GARDEN SPRAY—For Garden and Greenhouse

This is a contact insecticide that is sold under an unconditional money back guarantee. It will kill or control all chewing and sucking insects in both garden and greenhouse or your money back. It will not burn or injure seedlings or blooms. It is very economical, and will keep spray equipment clean rather than corrode them. Wonder Garden Spray has stood the tests of more than five years in one greenhouse where soil was never changed, and no toxic conditions have developed as in the case of so many sprays. When you use Wonder Garden Spray you do not need to use other sprays as it gets Thrip, Mealey bug, midge, red Spider, Aphids of all kinds, Cyclamen mites, rose chafers, Cabbage worms, Cucumber beetles, Bean beetles, Leaf hoppers, Potato beetles, and JAPANESE BEETLES. It kills many of the beetles and repels the ones that fly in, lasting several days, as a repellent. Just try this wonderful mixture and you will be convinced that at last you have found a spray you can depend on to the fullest.
